PROFESSIONAL SUMMARY

Data Analyst skilled in Python, SQL, Power BI, and Excel with hands-on experience in Data Analysis, Data Cleaning, Exploratory Data Analysis (EDA), Data Visualization, Dashboard Development, KPI Reporting, and Business Intelligence. Proficient in analyzing large datasets, identifying trends, creating interactive dashboards, and delivering actionable insights to support data-driven decision-making. Experienced in Power Query, DAX, Data Modeling, Statistical Analysis, and Reporting Automation. Seeking an entry-level Data Analyst role to leverage analytical, technical, and problem-solving skills to drive business growth and operational efficiency.

TECHNICAL SKILLS

Programming: Python (Pandas, NumPy, Matplotlib)

Database: SQL, MySQL

Visualization: Power BI, Microsoft Excel, Tableau

Power BI: DAX, Power Query, Data modeling

Excel: Pivot Tables, VLOOKUP, XLOOKUP, Advanced Formulas

Analytics: Data Cleaning, EDA, KPI Analysis, Statistical Analysis

Business Intelligence: Dashboard Development, Reporting Automation

PROJECTS

Blinkit Sales Analysis Dashboard | Power BI, Excel ([Link](#))

- Analyzed 8,500+ sales records to identify revenue trends, customer preferences, and category performance.
- Built interactive dashboards using DAX, slicers, and KPIs, improving reporting efficiency by 40%.
- Performed data transformation using Power Query and optimized data models for faster insights.
- Delivered actionable recommendations that enhanced decision-making and sales monitoring.

Customer Purchase Behavior Analysis | SQL

- Designed advanced SQL queries using JOINS, CTEs, subqueries, and window functions.
- Identified high-value customers, revenue drivers, and retention opportunities.
- Automated reporting workflows and reduced manual analysis time.

Exploratory Data Analysis and Visualization | Python

- Cleaned, transformed, and analyzed structured datasets using Pandas and NumPy.
- Developed statistical insights and visualizations using Matplotlib and Seaborn.
- Generated actionable recommendations through trend analysis and data interpretation.

INTERNSHIP EXPERIENCE

Data Analyst Intern | Besant Technologies (6 MONTHS)

- Worked with real-world business datasets using Excel, SQL, Python, and Power BI.
- Performed data cleaning, validation, transformation, and dashboard creation.
- Supported automated reporting and business decision-making.

Data Analytics | Next Gen Solutions

- Built interactive dashboards and analytical reports using Power BI and Excel.
- Applied SQL queries for data extraction, transformation, and reporting.
- Strengthened practical skills through real-world business projects.

EDUCATION

Bachelor of Technology (Information Technology)

Shreenivasa Engineering College, Tamil Nadu

(2022 -2026) | CGPA: 8.08 / 10.0

CERTIFICATIONS

- Google Data Analytics Professional Certificate: Foundation-Coursera
- Data Analytics Certificate -Besant Technologies
- Data Analytics using Python – Neo Wep Institution
- Artificial Intelligence Certificate - IBM
- Soft Skill Development Certificate
